Massachusetts has it all!

With more than 1,800 miles of coastline, the state offers some of the finest saltwater fishing in the country. The diversity of marine habitats supports a fascinating and exciting array of species. Long famous for record-sized striped bass and giant bluefin tuna, the waters of the Commonwealth contain a variety of other highly prized fishes including flounder, cod, bluefish, tautog and scup. Countless tiderips, beaches, embayments, bridges and jetties provide unlimited fishing opportunities for boat and shore-based anglers.

Launching sites, tackle shops and charter and party boats are available along Massachusetts' entire coastline to accommodate the resident and visiting fisherman. This booklet is a guide to these activities.

We've arranged this guide geographically. You'll find information listed from Salisbury (at the N.H. border) following the coastline south and west to the towns of Swansea, Somerset and Seekonk along Narragansett Bay. Then the guide takes you east to Cape Cod and the islands of Martha's Vineyard and Nantucket. We hope this guide contributes to the success and enjoyment of your fishing trip or vacation.

The information in this guide was compiled by the Division of Marine Fisheries. While every effort was made to gather a complete list of Massachusetts marine sportfishing facilities, it was not possible to get adequate information about all of them. The owners or managers of unlisted facilities are urged to contact the Division of Marine Fisheries to insure they will be included in future editions. Write or call **Karen Rypka** at:

**Massachusetts Division of Marine Fisheries
50A Portside Drive, Pocasset, MA 02559
(508) 563-1779 ext. 108.**

General Information

The Division of Marine Fisheries is responsible for the management of the Commonwealth's living marine resources. The Division promotes and develops commercial and recreational fisheries through research, technical assistance, and the collection of statistics. Sportfish biologists are assigned to regions of the state and interact with many federal, interstate, state, and local management agencies as well as private fisheries organizations. For further information contact the local sportfish biologists. They are uniquely qualified to help you.

Fishing Hotline

The "hotline," **1-800-ASK-FISH (1-800-275-3474)**, was created by the Sportfish Promotion Council, which receives it's funding from private sector donations and the Sportfish Restoration Program (Wallop-Breaux) grants. If additional information is needed (eg. size limits, bag limits, closed seasons, etc.) please call any of our offices.

Recreational Fishing Permit Information

Saltwater Angling Permits are not required for recreational saltwater angling, however, a commercial permit is required when any fish are sold and when more than the recreational bag limits are in possession of the angler.

Recreational Shellfishing is permitted in designated clean areas and regulated by the individual Towns. Contact your Town department of Natural Resources for local regulations and permit acquisition.

Recreational spearfishing while diving does not require a permit.

Recreational crab fishing is allowed up to 50 crabs for family use per day taken by methods other than potting. No permit needed.

Recreational lobster fishing requires a non-commercial lobster permit and holders are limited to 10 pots. Permit eligible only to Mass. residents and non-residents who own real estate in Mass. If diving, a recreational lobster permit endorsed for diving is needed. Contact DMF for details.

Bait nets: A person may use a small net of **no more than 200 square feet** inside many of the bays and estuaries of the Commonwealth for the sole purpose of obtaining bait fish for personal use. Use of larger nets requires a special permit. Contact DMF for details.

These rules apply in “Waters Under the Jurisdiction of the Commonwealth” which are all waters within the rise and fall of the tide extending out to three miles from an established coastal baseline and include all the waters of Massachusetts Bay, Cape Cod Bay, and Nantucket Sound. These rules do not include the waters within or above any fish-ladder or dam, nor the waters above any tidal boundary established by the Department of Environmental Protection in streams flowing to the sea.

Prohibitions

No discard of legal size dead striped bass. No mutilation of striped bass. Fish must be transported with head, body and tail intact.

Snagging, Snatching of Anadromous Fish: including shad, smelt, white perch, striped bass, trout, and salmon, but excluding alewives or river herring is prohibited.

The taking of Atlantic Salmon, Sturgeon, all Marine Mammals, all sea turtles and the Diamondback Terrapin from Massachusetts waters is prohibited.

For anyone, except the owner, to handle, destroy or molest any lobster or crab pot or other fishing gear including any gear swept up on the shore, beaches or flats whether public or private, or to take fish therefrom is illegal.

To take crabs by pot without a permit is prohibited.

Selling fish without a commercial permit is prohibited.

Other Notes:

Minimum Size Limits are measured as the **straight** line (not curved over the body) from the tip of the snout to the tip of the tail. Forked fish tails may be squeezed together for the final measurement. Exceptions: Billfish are measured from the lower jaw to the tail fork.

Tuna: Atlantic Tuna are regulated by the federal government. The tunas program is based at: National Marine Fisheries Service Atlantic Tunas Program, Northeast Regional Office, Gloucester, MA 01930-2298. Tel #:(508)-281-9344. Call or write for further information.

Tagging - Periodically the Division conducts tagging studies of a particular finfish species to develop a better understanding of local movements, habitat preference, migration, growth, and general abundance. The angler plays a significant role in retrieving valuable data. Carefully examine your catch for tags. If found, record the tag number if returning fish to water, or snip off the tag if keeping fish. Contact the address printed on the tag and you will be briefed on the tagging study and may even receive a reward. Note: Recently, snapper bluefish, striped bass, winter flounder, and cunner have been tagged in our waters. The Division participates in federal tagging programs as well.

Catch & Release - The Division encourages the proper handling of fish that are to be released. Catch and release practitioners should follow accepted handling conventions such as reduced play time, minimizing exposure to air, and minimizing physical damage from hooking and handling to ensure the highest possible chances for survival.

The Catch

Billfish: Blue Marlin, White Marlin and Swordfish

Blue marlin, white marlin and swordfish, are highly prized big game fish for the offshore angler. Blue marlin are the behemoths of this group and can reach up to 11 ft and have been known to exceed 1,000 lbs. White marlin are similar in appearance to blue marlin though they average a smaller size of 5 ft, which is roughly a 50 lb. fish. Not many swordfish have been landed in our offshore waters by recreational anglers in the last decade due to the depleted state of the stocks.

Location: Southern New England, offshore canyons, steep drop-offs on the ocean floor where current boundaries, thermal water fronts and upwellings tend to concentrate schools of bait.

Season: July - September

Baits & Lures: Live or dead baitfish (eg. squid, mackerel, herring, scup) and artificial lures.

Methods and Tackle: Casting from a boat, trolling, medium to heavy tackle.

Restrictions: Rod and Reel only, 1 Marlin per day possession limit. The lower jaw fork length minimum size limits are: blue marlin - 86", white marlin - 62", consult the federal marine fisheries service (National Marine Fisheries Service, NMFS) for the current regulations on swordfish.

Massachusetts Saltwater Fishing Derby Minimum Weights: white marlin (60 lbs.), blue marlin (250 lbs.), swordfish (150 lbs.)

State Record: white marlin 131 lbs.; blue marlin 701 lbs.; swordfish 646 lbs.

Black Sea Bass

The migratory black sea bass is a tasty fish arriving in our near shore waters in the late spring. These fish also have a peculiar life cycle - the majority begin life as females and then change to males at around three years of age. Never a dull moment!

Location: South side of Cape Cod, Buzzards Bay to Rhode Island border and a few are found in Cape Cod Bay. Fish for them around bottom structure such as reefs, rocks, and wrecks.

Season: May - September

Baits and Lures: cut squid, clams, green crabs.

Methods and Tackle: bottom fish from a boat

Restrictions: 12" minimum size limit

Mass. Saltwater Fishing Derby Minimum Weight: 3 lbs.

State Record: 8 lbs.

Bonito

Sharpen your reflexes because these small tunas are fast and fun to catch. Watch for feeding schools where there will be jumpers. For a quick identification, look for dark bands running the length of the fish above the lateral line and a silvery belly.

Location: Southern Cape Cod and the Islands, rarely north of Cape Cod.

Season: Late July - October

Baits and Lures: Strip baits, squid, small jigs, spoons, plugs, flies.

Methods and Tackle: Spinning gear, bait casting, light boat rods, trolling, fly fishing.

Restrictions: None.

Mass. Saltwater Fishing Derby Minimum Weight: 7 lbs.

State Record: 12 lbs. - 7 oz.

Bluefish

Bluefish are usually ravenous and will strike at just about anything you give them. Watch out for those teeth! They average around 3-7 lbs. along the coast and tend to be larger just

offshore in the rips. The juveniles, referred to as “snappers”, can be found in the estuaries and are fun to catch with light tackle. In all cases, they put up an excellent fight all the way to your boat or shore.

Location: Whole coast surf, inshore bars, tide rips, bays and estuaries.

Season: June-mid October

Baits and Lures: All small bait fish, jigs, spoons, plugs, spinners, flies.

Methods and Tackle: Casting from shore or boat (you may want to use a wire leader) with spin and fly fishing gear, trolling.

Restrictions: 10 fish per day possession limit.

Mass. Saltwater Fishing Derby Minimum Weight: 10 lbs.

State Record: 27 lbs.- 4 oz.

Cod

Codfish are the deepwater treasures of Massachusetts. Present stock levels are very low, however, with the new fisheries management measures these stocks will rebound.

Location: Whole coast, deepwater, inshore while water is cold.

Season: Year round.

Baits and Lures: Sea worms, clams, mackerel, strips of all fish, crabs, jigs.

Methods and Tackle: Bait fishing from shore and boats, fishing from boats using medium to stiff boat rod, conventional reel and at least 50 lb. test line.

Restrictions: 21" minimum size limit. 10 fish per day possession limit.

Mass. Saltwater Fishing Derby Minimum Weight: 25 lbs.

State Record: 92 lbs.

Cusk

Like the cod, the cusk is a cool water fish and is found on hard, rough bottom habitat. Look for the continuous dorsal fin to assist with identification.

Location: Rocky ledges/hard bottom, moderately deep waters (more than 75 feet).

Season: Year round.

Baits and Lures: Same as cod.

Methods and Tackle: Same as cod.

Restrictions: None.

Mass. Saltwater Fishing Derby Minimum Weight: 20lbs.

State Record: 34 lbs. - 4 oz.

False Albacore (Little Tunny)

False albacore are very similar to bonito - fast, fun and sometimes a bit tricky to catch.

Location: Mostly warmer waters of the south side of Cape Cod and the Islands.

Season: Late July - October

Baits and Lures: Same as for bonito

Methods and Tackle: Same as for bonito

Restrictions: None

Mass. Saltwater Fishing Derby Minimum Weight: 10 lbs.

State Record: 19 lbs. - 5 oz.

Haddock

Haddock is a member of the cod family and is a delicious fish for the dinner table. The black lateral line distinguishes it from the cod and pollock.

Location: Whole coast, cool waters, prefer depths of 140-450 ft., also prefers shell/sand, smooth rock or gravel bottom.

Season: May - November

Baits and Lures: Seaworms, clams

Methods and Tackle: Still fishing from a boat, medium action rod

Restrictions: 21" minimum size limit. 10 fish per day possession limit.

Mass. Saltwater Fishing Derby Minimum Weights: 8 lbs.

State Record: 20 lbs.

Halibut

This is the largest of the Atlantic flatfishes, which if you do happen to hook one, can be very challenging to reel up from deep water.

Location: Whole coast, cool and deep waters, preferred bottom type is sand, gravel or clay not soft mud or rock.

Season: Year round

Baits and Lures: Seaworms, clams, strips of fish, sandlance, jigs.

Methods and Tackle: Fishing from a boat with medium to stiff rod.

Restrictions: none

Mass. Saltwater Fishing Derby Minimum Weight: 50 lbs.

State Record: 255 lbs. - 4 oz

Mackerel

Mackerel are fast swimmers and voracious feeders, which offers the angler many options for catching them. They are also an important food fish for many other species of fish and marine mammals.

Location: Whole coast, deep water to shallow bays, beaches, jetties, canal, bridges.

Season: May-September

Baits and Lures: Small bait fish, crab, clams, seaworms, squid strips, jigs, spoons, flies.

Methods and Tackle: Trolling, jigging, casting from shore or boat: light tackle.

Restrictions: none

Mass. Saltwater Fishing Derby Minimum Weight: 2 lbs.

State Record: 3 lbs. - 8 oz.

Pollock

The pollock is more available to the angler than its codfish relative. These aggressive fighters offer the thrills of a bluefish and the flesh of a cod.

Location: Whole coast with more north of Plymouth. Inshore (breakwaters and other structures) and offshore depending on the water temperatures. Inshore, pollock tend to be smaller than those offshore.

Season: May-October with the best runs in May, Oct.

Baits and Lures: In deeper water use the same as for cod (jigs, clams...). Inshore waters try small plugs, Kastmasters, mackerel jigs, metal lures with a strip of squid.

Methods and Tackle: Still fishing, casting, trolling. For deep water use same set up as for cod. Lighter spinning gear can be used for inshore fishing.

Restrictions: none

Mass. Saltwater Fishing Derby Minimum Weights: 20 lbs.

State Record: 48 lbs. - 2 oz.

Scup

A party boat staple, the scup are easy and fun to catch. Scup are very good eating though be careful of the many bones.

Location: South side of Cape Cod and along coast to Rhode Island

Season: May-October

Baits and Lures: Clams, strips of squid, seaworms.

Methods and Tackle: Light to medium weight tackle, drift fishing, jetties, piers, bridges.

Restrictions: 9" minimum size limit

Mass. Saltwater Fishing Derby Minimum Weights: 2 lbs.

State Record: 5 lbs. - 14 oz.

Sharks

Blue and mako sharks are common to our offshore waters and are sought after by recreational anglers. Makos are the more aggressive of the two fish and will put up an exciting fight. Venture with an experienced shark angler to prevent unexpected surprises and make sure you bleed and ice the shark flesh immediately. Anglers are encouraged to release sharks not intended for consumption.

Location: South of the Islands; East of Cape Cod; off North shore including Cape Cod Bay.

Season: June-October

Baits and Lures: chumming and baited hooks (preferably oily fish)

Methods and Tackle: trolling, drifting; medium to heavy tackle, wire leader.

Restrictions: no sale, (Federal Permit Required).

Mass. Saltwater Fishing Derby Minimum Weights:

Blue shark 150 lbs.; Mako shark 100 lbs.

State Records: Blue Shark 410 lbs.; Mako Shark 960 lbs.

Smelt

This small anadromous fish is a seasonal favorite along the coast. They're accessible during the spawning runs up coastal streams during the late winter and early spring.

Location: Whole coast, estuaries, the mouths of coastal rivers and within coastal rivers.

Season: Sept-Feb.

Baits and Lures: blood worms, sand worms, grass shrimp, small local bait fish

Methods and tackle: Ice fishing, shore fishing - keep bait moving slowly up and down within the school; light tackle, hand line.

Restrictions: Open season is 6/16-3/14

Mass. Saltwater Fishing Derby Minimum Weights: not an eligible species.

Striped Bass

Striped bass is our most sought-after species providing great sport through catch and release fishing and great eating when you catch a "keeper". Striped bass is the largest fish available to the nearshore angler. Fish range from 1 pound to over 60 pounds. Overfished during the 1970's, striped bass have rebounded thanks to strict regulations.

Location: Whole coast surf, inshore bars, reefs, tide-rips, bays and estuaries.

Season: Mid April-October

Baits and Lures: Seaworms, eels, squid, herring; jigs, plugs, spinners, spoons.

Methods and Tackle: Casting from shore, boat trolling, light to heavy tackle.

Restrictions: 1 fish per day possession limit, 28" minimum size limit.

Mass. Saltwater Fishing Derby Minimum Weight: 30 lbs.

State Record: 73 lbs.

Summer Flounder (fluke)

Fighting ability and fine flavor highlight this flat fish. The upper surface of the summer flounder head faces left. They also have prominent teeth to assist with their aggressive predatory behavior. The larger fluke are referred to as "doormats". Target sandy or muddy

bottom along with fast moving rips that contain debris and bait fish.

Location: South side of Cape Cod, Islands, Cape Cod Bay, Buzzards Bay.

Season: May-September

Baits and Lures: Minnows, squid strips, clams, shrimp; small jigs, spinners, jigs.

Methods and Tackle: Drift fishing, troll, chum, still fish, casting.

Restrictions: 14.5" minimum size limit, 10 fish per day possession limit, there is no closed season.

Mass. Saltwater Fishing Derby Minimum Weight: 5 lbs.

State Record: 21 lbs. - 8 oz.

Tautog

“Tog”, “white chin” and “black fish” are all common nicknames for this fish. Tautog are very slow growing compared to most fish and do not migrate far from where they originate but move inshore in the spring and offshore in the winter.

Location: Whole coast, rocky bottoms inshore, bays, harbors, jetties, breakwaters.

Season: May-Nov.

Baits and Lures: Crabs, clams, all shellfish.

Methods and Tackle: Still fishing from boat or shore, medium action spinning or conventional rod, 20-30 lb. test line.

Restrictions: 16" minimum size limit, 8 fish per day possession limit.

Mass. Saltwater Fishing Derby Minimum Weight: 8 lbs.

State Record: 22 lbs. - 9 oz.

Tunas: Bluefin and Yellowfin

All the tunas are very swift swimmers, provide a thrilling and sometimes backbreaking fight and are literally hot blooded. The giant bluefin tuna is the biggest and most lucrative of

the tunas in our waters and thus creates much competition amongst fishermen. Yellowfin are commonly caught in near offshore waters as are albacore.

Location: Offshore east of North shore, Cape Cod Bay, East of Cape Cod, South of Islands offshore in Canyons

Season: Late June-October

Baits and Lures: bait fish used with chum slick; plastic squids, multi-squid rigs, daisy chains, jigs, artificial lures

Methods and Tackle: Trolling, chunk baits with chum; medium to heavy tackle

Restrictions: all tunas now require a federal permit for both recreational and commercial fishing. Consult National Marine Fisheries Service).

Mass. Saltwater Fishing Derby Minimum Weight: yellowfin tuna 50 lbs., bluefin tuna 300 lbs.

State Record: yellowfin tuna 187 lbs.; bluefin tuna 1,228 lbs.

Weakfish (Squeteague)

The weakfish looks like a large trout and is found in Massachusetts waters during the summer months. Presently the stocks are depressed and not many have been taken in recent years.

Location: Southern Massachusetts sandbars, deep water drop offs, channels, bays and estuaries

Season: Late June-September

Baits and Lures: shrimp, seaworms, tinker mackerel, eels, strips of squid; artificial lures (bright plastic shrimp, worms, bucktails, tubes, jigs, sand eel imitations)

Methods and Tackle: Still fishing, drifting, chumming, casting from shore or boat, trolling; light to medium tackle.

Restrictions: 16" minimum size limit

Mass. Saltwater Fishing Derby Minimum Weight: 10 lbs.

State Record: 18 lbs. - 12 oz.

Winter Flounder

The winter flounder (black back) provides good fishing during the cold weather months. They are very accessible and provide the angler with thick fillets to take home.

Location: Whole coast, tidal streams, shallow bays, estuaries.

Season: May-February

Baits and Lures: Sandworms; bloodworms, clams, strips of squid.

Methods and Tackle: chum pot (crushed clams), still fishing from boats, piers, jetties, bridges, breakwaters; light tackle

Restrictions: open season is 5/1-2/28; 12" minimum size limit.

Mass. Saltwater Fishing Derby Minimum Weight: 2 lbs.

State Record: 8 lbs. -2 oz.

Wolffish

The wolffish are distinguished by their large size, pronounced molar and canine teeth, and the lack of ventral fins. They do not school and prefer hard bottom, not mud, in deep waters.

Location: Whole coast, deep water, incidental to codfish

Season: Year round

Baits and Lures: seaworms, shellfish, crustaceans; jigs

Methods and Tackle: Drift or still fishing from a boat

Restrictions: none

Mass. Saltwater Fishing Derby Minimum Weight: 20 lbs.

State Record: 52 lbs.

1997 Fishing Contests

Massachusetts Saltwater Fishing Derby

Sponsored by DMF

Rules and Regulations

The Commonwealth of Massachusetts Division of Marine Fisheries will acknowledge catches of outstanding saltwater gamefish that meet certain requirements. Eligible species and minimum qualifying weights are listed below:

Eligible Species	Minimum WT(lbs)	Eligible Species	Minimum WT(lbs)
Bluefish	10	Mako Shark	100
Blue Marlin	250	Pollock	20
Bluefin Tuna	300	Scup	2
Blue Shark	150	Sea Bass	3
Bonito	7	Striped Bass	30
Cod	25	Swordfish	150
Cusk	20	Tautog	8
False Albacore	10	Weakfish	10
Fluke	5	White Marlin	60
Haddock	8	Winter Flounder	2
Halibut	50	Wolffish	20
Mackerel	2	Yellowfin Tuna	50

At the end of each derby year trophies will be awarded to anglers who landed the heaviest fish in each species category. Winners will be chosen in three divisions: men women and juniors (age fifteen and younger).

The derby runs from March 1 through November 30 each year and is open to all age groups. Fish entered must be caught in a fair and sporting manner on hook and line and must be measured and weighed at an official weighstation on a certified scale. Weighmasters can be found at most local marinas and tackle shops.

To enter fill out an official affidavit and have it certified at a weighstation. Please write clearly and provide all information requested. Affidavits that are illegible or incomplete cannot be accepted. Mail affidavits to: Massachusetts Saltwater Fishing Derby, P.O. Box 1268 Sandwich MA 02563. Entries must be received within 30 days of catch and be postmarked no later than December 10th.

Special awards are offered for new state records. If your catch exceeds the weight listed on the current list of Massachusetts Saltwater Gamefish Records, you may qualify for a special award. All weigh-stations have been provided with a copy of the current list. When applying for a new state record your affidavit must be accompanied by a clear photograph of your catch with your name address and telephone number on the back.

Weighmasters can be found at most local marinas and tackle shops.

1997 Tournaments

May

6th Annual Cape Cod Canal Region Striped Bass Fishing Tournament
